

AMENDMENT TO THE DRAWINGS

Subject to the approval of the Examiner, it is respectfully requested that Fig. 1 in the above-captioned application be amended as follows: The lead line of numeral 28 should be limited to the extension portion extending in the crown portion to form a part thereof as described at page 13, line 22, to page 14, line 1, of the specification where it is indicated that the face portion 24 has an edge which is bent to the crown portion side to provide an extension portion 28 extending in the crown portion to form a part thereof. The proposed amendment conforms the drawing of Figure 1 to the specification. The change is indicated in red on the attached copy of the amended drawing sheet of Fig. 1. A copy of the Replacement Drawing is also attached hereto.
